Dear Applicant:

Enclosed you will find an application for Residential Parking for People with Disabilities (RPPD). Please do not separate these forms. It is very important that this application be filled out completely and legibly. An application which is incomplete, illegible, or otherwise not filled out in compliance with the explicit instructions given on the application will be returned without action taken.

It is important that you (the applicant) provide your physician with the Physician's Certification of Disability form. Upon completion, you (the applicant) will be required to return the completed forms and additionally a copy of a valid driver's license and valid vehicle registration, displaying disabled license plates, to the Philadelphia Parking Authority.

Once received, we will then evaluate and verify that the information provided has been completed correctly. After a medical evaluation, by an independent third-party physician, an on-street investigation will be done to ensure that traffic restrictions do not prohibit installation of a RPPD zone at the location provided to the Philadelphia Parking Authority.

Be advised that the general time frame for completion of this process is two to four months. You will be notified in writing as to whether your application has been approved or denied.

If you should have any questions, please feel free to contact us at: 215-683-9736 (Helen) or 215-683-9746 (Susan).

Thank you,

Residential Parking for People with Disabilities Unit
PD License Plate Requirement

§12-1117 (5) (c) of the Philadelphia Code provides “The Department of Streets may promulgate such rules and regulations which are necessary or desirable to effectuate the purpose of this section.”

Under the authority granted in this section, the Authority determined that the requirement that an applicant have a PD license plate is consistent with the purpose of the Code. It, along with the other application requirements, demonstrates that the zone is for a person with significant mobility impairment and that the applicant is the primary operator or user of the vehicle. Because on-street parking is a scarce resource, the management of the use of that space is important to insure that reserved spaces for people with disabilities are installed in a manner that insures access for those individuals with mobility impairment while balancing the demand for curbside parking in neighborhoods.
APPLICATION FOR RESERVED RESIDENTIAL PARKING FOR PEOPLE WITH DISABILITIES
PHILADELPHIA PARKING AUTHORITY
701 Market Street, Philadelphia, Pennsylvania 19106, Suite 5400

If a parent, guardian or spouse is filling out this application for a child or relative, please list the child or relative as the applicant.

Please print all information clearly and include a copy of your vehicle registration and driver’s license with the application. Also, please make a copy for your own records.

Applicant’s Name: __________________________________________________________________________________________
Address: ____________________________________________________________________    Zip Code: ____________________
Telephone Number: _____________________            Date of Birth: _________________
Occupation: ______________________________________________________________

Please answer all of the following questions completely. Failure to do so will result in the return of your application in order to complete all omissions.

1. What is the nature of your disability? _________________________________________________________________________
________________________________________________________________________________________
________________________________________________________________________________________

2. Explain why you are in need of a physically disabled parking space in front of your home: _______________________________
________________________________________________________________________________________
________________________________________________________________________________________

3. Do you have a garage or other off street parking available? (circle one)          Yes                  No

4. Pennsylvania physically disabled license plate number of the vehicle you use (HP/PD/DV ONLY): ________________________

5. Are you the property owner of the address given on the application? (circle one)          Yes                   No
   If the answer to #5 is “No,” please have your property owner read and complete the “Notice to Property Owner” portion on the attached “Notice of RPPD Installation Form” section of this application

6. Please attempt to get your neighbors to sign the “Notice to Adjacent Property Owner” portion on the attached “Consent Form” section of this application. If you are unable to obtain this, please sign below to prove that you have attempted to do so.

Signature: _______________________________________________   Date: ____________________________________________

Sign Installation Agreement: I understand that if the front of my home is not 20 – 22 feet, from property line to property line, it is my responsibility to obtain the signature of the owner of the adjacent property indicating that they have no objections to the installation of this zone. I further agree that if I use this zone for any purpose other than that which I described in this application, the zone will be removed. I also agree that the Philadelphia Parking Authority retains the right to remove this zone at any time.

APPLICANT’S CERTIFICATION

I am aware that it is my responsibility to file a complete application. I understand that the application will be returned to me if it is found to be incomplete, illegible, or otherwise not filed in compliance with the instructions. I further agree to submit to an independent examination by a physician from the City of Philadelphia’s Department of Health if required.

I certify that the information contained herein is true and correct to the best of my knowledge and belief. I understand that any false statements made herein are subject to the penalties of 18 Pa. C.S. § 4904, relating to unsworn falsifications to authorities.

Date                                                                          Signature of Applicant
POLICY STATEMENT

A reserved physically disabled parking space in front of a residence is a special privilege granted by the City of Philadelphia only to people who have severe physical disabilities. Such a space will be granted only to those who are mobility impaired to the extent that they cannot manage without it. However, this reserved parking zone does not solely belong to the applicant. Anyone with a physically disabled license plate or physically disabled parking placard is eligible to park in the zone. These zones will be reviewed at least once every three years.

PHYSICIAN’S LIST

Please provide us with the name of the physician most familiar with your physical disability. You will need to take the attached “Physician’s Certification of Disability” form to this physician and have them complete it. Once they have completed the form and you have returned it to the Philadelphia Parking Authority, it will be reviewed and either approved or denied by a panel of physicians from Moss Rehabilitation, Inc. Moss Rehabilitation, Inc. is under contract to the City of Philadelphia and the Philadelphia Parking Authority to provide this service.

Physician’s Name: __________________________________       Address: _____________________________________________

City and State: _____________________________________       Zip Code: ____________________________________________

Telephone #: ______________________________________        Fax Number: __________________________________________

APPLICATION CHECK LIST

Did you include all of the following?

□    Physician’s Certification of Disability
□    Copy of Vehicle Registration showing a Physically Disabled Plate
□    Copy of Driver’s License

FREQUENTLY ASKED QUESTIONS

➢ Are other vehicles permitted to park in this zone?
  o    Yes. Any vehicle with a HP, DV, PD license plate or handicapped parking placard is allowed to use this zone.
➢ If the vehicle is not registered in my name, can I still obtain a Reserved Residential Parking for People with Disabilities zone?
  o    No, the vehicle must be registered to the applicant.
  o    Exceptions will only be made for those who are under the age of 18.
➢ Who is responsible for repair of the zone?
  o    The Philadelphia Parking Authority is responsible for all repairs of the parking poles that will be installed. If a pole/sign is loose or knocked down, please contact us at 215 683-9736 or 215 683-9746 in order for necessary repairs to be completed.
➢ Who is responsible for removing the zone?
  o    The Philadelphia Parking Authority is responsible for removing the zone. If the zone is no longer needed, please contact us at 215 683-9736 or 215 683-9746 and the zone will be removed. We will not know if the zone should be removed unless we are contacted and informed to do so.
  o    Furthermore, if the Philadelphia Parking Authority receives reports of zone abuse (i.e. cones or other objects saving the zone, jockeying of cars to save a spot on the street, etc.) a parking investigator will verify the evidence that has been obtained. Once the evidence is corroborated, the zone can and will be removed.
➢ How do I obtain consent for an abandoned property or lot located next to my home?
  o    This property is technically owned by the City of Philadelphia. Contact your local City Councilperson and have them write you a letter stating that you are allowed to have a Residential Parking for People with Disabilities Zone infringe on this property.

PHYSICIAN’S CERTIFICATION OF DISABILITY
RESERVED RESIDENTIAL PARKING FOR PEOPLE WITH DISABILITIES

The purpose of this program is to provide reserved residential on-street parking to applicants whose mobility is limited to such a degree, by one or more medical conditions, that parking is required to allow the applicant to continue to function independently. The treating physician may be contacted by a physician from the City of Philadelphia’s Department of Health. All descriptions and explanations concerning the applicant’s level of disability, diagnosis and prognosis must be MEDICALLY EXPLICIT. Applications will be reviewed by a City of Philadelphia physician.

Please return the completed Certification of Disability to the Philadelphia Parking Authority in the enclosed, self-addressed envelope.

ANY QUESTIONS NOT ANSWERED ON THIS APPLICATION MAY RESULT IN IT BEING RETURNED TO THE APPLICANT OR DENIED.

PLEASE TYPE OR PRINT CLEARLY

Name of Applicant: ___________________________________________________________________________________________

Residential Address: __________________________________________________________________________________________

City: _________________________________________________  State: _________________  Zip Code: _____________________

Home Telephone: _____________________________________  Work Telephone: ________________________________________

The undersigned hereby certifies as follows:

1. I examined the above named applicant on the ____________________________ day of ______________________, 20 ________

2. Disability Status

   Please refer to functional guidelines which are enclosed. Please complete all that apply.

   ____ Impaired or Non-Ambulatory Disability (Sec. 1 and 2)
   ____ Amputation/Level and Site (Sec. 4)
   ____ Cardiovascular (Sec. 7)
   ____ Functional Class (Required)
   ____ Mobility Grade (Required)

   ____ Neurological (Sec. 8)
   ____ Cerebrovascular Accident (Sec. 5)
   ____ Arthritis (Sec. 3)
   ____ Functional Class (Required)
   ____ Mobility Grade (Required)

   ____ (A) (Required)
   ____ (B) (Required)

3. Please specify date of onset of applicant’s disability: _______________________________________________________________

4. Please describe in detail the nature and extent of the applicant’s disability. FOCUS ON MOBILITY LIMITATION.

   __________________________________________________________________________________________
   __________________________________________________________________________________________
   __________________________________________________________________________________________

5. Examination findings pertinent to the applicant’s mobility:

   __________________________________________________________________________________________
   __________________________________________________________________________________________
   __________________________________________________________________________________________

6. I performed the following test(s)/procedures diagnosing the applicant’s disability (include results):

   __________________________________________________________________________________________
   __________________________________________________________________________________________
   __________________________________________________________________________________________
7. Please specify the prognosis: __________________________________________

____________________________________________________________________

8. Does the applicant require the use of any of the following mobility aids? (Check all that apply)

☐ Crutches ☐ Scooter ☐ Cane(s) ☐ Walker ☐ Braces (Type of Brace)

☐ Artificial Limbs ☐ Oxygen ☐ Other

(Please Specify)

____________________________________________________________________

9. Is the applicant able to walk one half block without assistance or help from another person? ☐ Yes ☐ No

If no, please explain why? __________________________________________

____________________________________________________________________

10. Has the applicant undergone a joint replacement or any other corrective procedure in the last 24 months?

☐ Yes ☐ No If yes, please explain: ______________________________________

____________________________________________________________________

Please note that undergoing a corrective medical procedure will result in a 12-month reevaluation to determine eligibility.

11. Does applicant require assistance in entering or exiting vehicle or residence? ☐ Yes ☐ No

If yes, please describe in detail: ______________________________________

____________________________________________________________________

12. Is the applicant capable of driving? ☐ Yes ☐ No

If yes, is the applicant the principle driver of the vehicle? ☐ Yes ☐ No

If no, please explain, why not? _______________________________________

____________________________________________________________________

13. Will applicant’s current level of disability (circle one): Improve? Remain the same? Deteriorate?

I am a board certified physician in the following areas (please list and explain): ______________________________________

It is the responsibility of the medical evaluator to determine whether the one or more medical conditions ascribed to an applicant are of such severity as to render the applicant disabled to the extent that reserved parking is required for him or her to function adequately on a day to day basis. The following is a rather comprehensive list of medical conditions which, in various stages, cause moderate-to-severe mobility impairment. Most sections include a “Note” area to assist the evaluator in interpretation of the medical criteria as they relate to an applicant’s eligibility for reserved residential parking for people with disabilities.

PHILADELPHIA HEALTH DEPARTMENT

SECTION 1
Non-Ambulatory Disabilities
Impairments that require the applicant to use a wheelchair for mobility.

SECTION 2
Impaired or Assisted Ambulation
Intended for those who walk with extreme difficulty including those individuals who use a walker, crutches or leg braces. Use of a cane does not necessarily indicate eligibility for reserved residential parking.

Note: Claiming eligibility under this section will require extensive medical documentation or an additional medical examination of the individual to determine whether or not this applicant’s medical condition qualifies the applicant for receipt of a reserved residential zone.

SECTION 3
Arthritis
This section is intended for people whose arthritic condition makes walking extremely difficult; people who suffer arthritis which causes a severe functional motor deficit in the legs.

Functional Capacity
Class III – Functional capacity adequate to perform only a few or none of the duties of usual occupation or self care.
Class IV – Largely or wholly incapacitated, uses wheelchair.

Mobility Assessment
Grade II – The applicant can cross the road but cannot manage public transportation.
Grade III – The applicant can use stairs but cannot cross roads.
Grade IV – The applicant cannot use stairs.
Grade V – The applicant can move from room to room with help.
Grade VI – The applicant is confined to chair or bed.

Note: Arthritis alone can only be used as a criterion for reserved residential parking if the applicant meets Class III under the Functional Capacity section and at least Grade III and up to Grade V under the Mobility Assessment section. Those applicants falling under other classes or grades listed must have either additional medical complications (when considering those at Grade II level) or traffic and/or terrain problems creating additional hardships for an attendant or driver of the disabled resident (when considering those at the Class IV and Grade VI levels).

SECTION 4
Amputation/Anatomical
This section is intended for people who find it extremely difficult to walk because of amputation, congenital absence of or anatomical deformity of the lower extremity at or above the tarsal region of one or both legs.

Note: Exceptions might include those cases in which the applicant has been particularly successful in mastering life skills and has been rendered fully ambulatory with the aid of his/her prosthesis.

SECTION 5
Cerebrovascular Accident
This section is intended for those applicants who, because of stroke or brain injury find it extremely difficult to walk. These applicants must exhibit one of the following:
(A) Severe functional motor deficit in any of two extremities
(B) Severe ataxia affecting two extremities substantiated by appropriate by appropriate cerebellar signs of proprioceptive loss/loss of muscle and kinesthetic sense.

Note: Appropriate medical documentation including, but not limited to rehabilitation records, etc. required before approval of an application from an individual falling under this category.

SECTION 6
Pulmonary Disabilities
People who, because of a respiratory condition, find it extremely difficult to walk. These individuals experience dyspnea at various levels of exertion. Applicants must exhibit one of the following:

(A) Dyspnea which occurs during such activities as climbing one flight of stairs or walking 100 yds on level ground.
(B) Dyspnea present on the slightest exertion such as dressing, talking or at rest.

Note: Applicants for reserved parking may qualify under either section A or B; however, these conditions should be substantiated by respiratory function studies or by other objective rather than subjective evidence. If oxygen is required to carry out routing functions, this should be stated by the applicant’s physician.

SECTION 7
Cardiovascular Disease
This section applies to those individuals who, because of cardiac ills, walk with extreme difficulty. This includes people who exhibit Class III or Class IV in the functional classification and Class D or E in the therapeutic classification.

Functional Classification
Class III – Patients with cardiac disease resulting in marked limitation of physical activity. Patients may be comfortable at rest; however, less than ordinary physical activity causes fatigue, palpitations, dyspnea or anginal pain.
Class IV – Patients with cardiac disease resulting in an inability to carry out physical activity without discomfort. Symptoms of cardiac insufficiency or anginal syndrome may be present even at rest. Any physical activity will increase discomfort.

Therapeutic Classification
Class D – Patients with cardiac disease whose ordinary physical activity should be markedly restricted.
Class E – Patients with cardiac disease who should be at complete rest, confined to a bed or chair.

Note: Those applicants who fall under Therapeutic Classification D may or may not be mobility impaired to the extent that reserved parking is required. However, placement in this classification, along with inclusion under one of the other disability categories may combine to categorize the applicant disabled to the degree that a reserved parking zone is necessary. With respect to Therapeutic Classification E, the evaluator must bear in mind that persons who are confined to bed do not usually require the provision of special parking. Upon appeal however, special circumstances such as traffic or terrain problems may be brought to light which allow approval or reserved parking zones in such cases.

SECTION 8
Neurological Disabilities
This section is intended for those people who, because of impairment of the central nervous system, are disabled to the extent that their gait is radically altered resulting in severely restricted mobility.

Neurological Disorder: Damage to the central nervous system due to illness, accident, genetic or hereditary factors.

Note: Each of the factors above could cause a wide range of damage to the central nervous system resulting in anything from minor disability to total incapacitation. The evaluator must take care to detail the extent to which the applicant’s mobility is impaired as a result of the resulting neurological disorder. The general rule for our purposes is if the applicant can walk one half of a city block without difficulty, he or she is not likely to require reserved residential parking.

SECTION 9
Other
Upon special request, consideration will be given to a disability which is not specifically included in the aforementioned criteria.
