THE PHILADELPHIA PARKING AUTHORITY

In Re: Proposed Rulemaking Order
Philadelphia Taxicab and
Taxicab Vehicle Standards: Docket No. 126-11

PROPOSED RULEMAKING ORDER

BY THE AUTHORITY:

The Authority is the sole regulator\(^1\) of all taxicab and limousine service in Philadelphia.\(^2\) The purpose of the proposed rulemaking is to improve the quality and capability of taxicabs in Philadelphia. The proposed rulemaking will require all vehicles proposed for medallion taxicab service after a designated date, to be wheelchair accessible and otherwise comply with the Authority’s wheelchair accessible regulations, including those related to vehicle age and mileage requirements. Similar requirements will apply to partial-rights taxicabs. The Authority seeks comments from all interested parties on the proposed regulation, which are found at Annex A to this Order.

A. Background and discussion.

The Authority continues to experience an unwillingness on the part of taxicab owners in Philadelphia to, voluntarily, upgrade and improve the quality of taxicabs.\(^3\) The riding public continues to endure service in the oldest and most worn vehicles that a taxicab owner can legally get on the road. While the condition of taxicabs has improved significantly since the Authority’s regulatory functions began and a minimum of 2 annual “wheels off” inspections began in

---

\(^1\) The act of July 16, 2004, (P.L. 758, No. 94), 53 Pa.C.S. §§5701 et seq., as amended, (the “act”)

\(^2\) The Authority may promulgate taxicab and limousine regulations. 53 Pa.C.S. §§ 5722 and 5742.

\(^3\) See 53 Pa.C.S. § 5712(a).
2005, the condition of these vehicles remains unacceptable. This situation persists despite the Authority’s repeated references to the purpose of the medallion program, which was to improve the level of service provided to the public.

Some certificated limousine carriers have modified their business models in an attempt to service some of the passengers in search of a better, but still affordable means of quick transportation in Philadelphia. Illegal service providers have also been drawn to the obvious dearth in affordable quality common carrier transportation in Philadelphia. Some of these illegal services employ the use of voiceless electronic communication to summon and seamlessly pay for that transportation. Not surprisingly, the public has responded favorably to cleaner and better vehicles, more friendly drivers and the hassle-free use of credit cards.

An obvious lesson is to be learned here. Taxicab owners must make significant investments in the equipment and people they use to provide taxicab service. Taxicab drivers need to understand that if they do not provide friendly, courteous and clean service to the public, the public will continue to look elsewhere.

Based on past performance, or lack thereof, the Authority has no expectation that the taxicab industry will voluntarily work to save itself. As the regulator of taxicabs in Philadelphia and with the knowledge that high quality, clean, safe, insured, and monitored taxicab service in clearly marked vehicles remains an important part of the City’s economy, we are duty bound to cause change, unilaterally. The Authority will act on its own when possible, seek active participation of the riding public and the regulated industries at all times and may seek additional authorization from the Legislature to bring about the level of taxicabs service demanded by today’s customers.

The proposed regulation will require a marked increase in the quality and capability of taxicabs in Philadelphia. Beginning 30 days after the effective date of
the final-form regulation, all vehicles brought into service as taxicabs in Philadelphia for the first time will be required to be late models with less than 500 miles on the odometer. Additionally, all medallion taxicabs and 25 percent of each carrier's fleet of partial-rights taxicabs will be required to be wheelchair accessible. We understand that this is a significant increase to the quality of taxicab service and the cost to place a taxicab into service. However, we note that the improvements will likely be imposed over a series of years as taxicabs that are legally permitted to be in service the day before the effective date of this section may not need to be removed from service for up to 8 years. Finally, without rapid, significant and obvious improvement, the long term viability of taxicab service is in jeopardy.

B. The regulation.

We propose amending the below referenced section to provide heightened taxicab service standards in terms of both the quality and capabilities of the vehicles used to provide that service:

§ 1017.4. Age and mileage limitations.

The proposed regulation will amend subsection (a) and (b) in order to incorporate the changes to age and mileage parameters provided for in the new subsection (d). Subsection (c) is amended to place a cap on the potential number of "antique" vehicles used as taxicabs. We understand that some people may enjoy the nostalgic use of an older taxicab, but the problems that Philadelphia has experienced with old taxicabs, merits some limitation on this potential use. It also does not go without notice that while the Authority has regulated taxicabs in Philadelphia for more than a decade, not a single request for this exemption has been made.
The new subsection (d) is added to require, 30 days after publication of the final-form regulation, all vehicles brought into service as taxicabs in Philadelphia for the first time to be late models with less than 500 miles, incorporating the requirements of Section 1017.8 (c) (relating to wheelchair accessible vehicle taxicab specifications). Additionally, all medallion taxicabs and 25 percent of each carrier’s fleet of partial-rights taxicabs will be required to be wheelchair accessible as provided in Section 1017.8. It is important to understand that this requirement will not result in the immediate transition to a fleet of new taxicabs in Philadelphia that will largely be wheelchair accessible on the effective date. Taxicab owners replace aging or damaged vehicles on a regular basis. This regulation will require the owners to replace those retiring vehicles with vehicles that comply with these new standards. For example, if a taxicab is placed into service on the day before the effective date, it will not have to comply with these standards until it is replaced, which could be as many as 8 years in the future. The current regulatory and statutory cap on the age of a taxicabs is 8 years.4

CONCLUSION

The Authority, therefore, formally commences its rulemaking process to promulgate this regulation to become part of 52 Pa. Code Part II in a manner consistent with Annex A to this Order. The Authority seeks comments from all interested parties on this proposed body of regulations, which are found at Annex A to this Order. The Authority hereby advises that all comments submitted in response to this Order will be posted, without redaction of name, address, or other personal information or comment provided, on the website of the Independent Regulatory Review Commission, which may be reached at 717-783-5417.

---

THEREFORE,

IT IS ORDERED:

1. That a proposed rulemaking be opened to consider the regulation set forth in Annex A.

2. That the Executive Director shall submit this proposed rulemaking Order and Annex A to the Office of Attorney General for review as to form and legality.

3. That the Executive Director shall submit this proposed rulemaking Order and Annex A for review and comments to the Independent Regulatory Review Commission and the Legislative Standing Committees.

4. That the Executive Director shall do all such other things necessary to advance this regulation through the appropriate promulgations process in an expeditious manner.

5. That the Secretary of the Board shall certify this proposed rulemaking Order and Annex A and that the Executive Director shall deposit them with the Legislative Reference Bureau to be published in the Pennsylvania Bulletin.
§ 1017.4. Age and mileage limitations.

(a) Retirement age and mileage.

(1) Except as provided in subsections (c) and (d), a taxicab will not be eligible for inspection as provided in § 1017.31 (relating to biannual inspections by Authority) upon reaching an age of 8 years old, as calculated under § 1017.3(a) (relating to age and mileage computations). For example, the last day on which a 2006 model year vehicle may be operated in taxicab service is the day before the taxicab's first scheduled biannual inspection after December 31, 2014.

(2) Except as provided in subsections (c) and (d), a taxicab will not be eligible for inspection as provided in § 1017.31 upon reaching 250,000 cumulative miles on the vehicle's odometer.

(b) Entry mileage. Except as provided in subsections (c) and (d), a vehicle will not be eligible for inspection as provided in § 1017.2 (relating to preservice inspection) if it has 135,000 or more cumulative miles on the vehicle's odometer.

(c) Antique vehicles. The Director may authorize the operation of antique vehicles as taxicabs upon review of a petition for waiver as provided in § 1005.23 (relating to petitions for issuance, amendment, repeal or waiver of Authority regulations). The number of antique vehicles in operation in a fiscal year may not exceed two percent of the vehicles comprising the taxicab utility group.

(d) Modern taxicabs. Beginning ______________, (Editor's Note: The blank refers to a date 30 days after the effective date of adoption of this proposed rulemaking) the following taxicab vehicle standards shall apply:

(1) Every medallion taxicab must comply with § 1017.8 (relating to wheelchair accessible vehicle taxicab specifications) as a condition of eligibility for inspection as provided in § 1017.2 (relating to preservice inspection).

(2) Every partial-rights taxicab must comply with the age and mileage requirements of § 1017.8(c) as a condition of eligibility for inspection as provided in § 1017.2.

(3) Twenty-five percent, or more, of each partial rights certificate holder's taxicab fleet must comply with all of the wheelchair accessible vehicle requirements of requirements of § 1017.8 as a condition of eligibility for inspection as provided in § 1017.2.
6. That an original and 15 copies of any written comments referencing the docket number of the proposed regulation be submitted within 30 days of publication in the *Pennsylvania Bulletin* to the Philadelphia Parking Authority, Attn: General Counsel, 701 Market Street, Suite 5400, Philadelphia, PA 19106.

7. That a copy of this proposed rulemaking Order and Annex A shall be served on the City of the First Class Taxicab and Limousine Advisory Committee and a copy shall be posted on the Authority's website at www.philapark.org/tld.

8. That the contact person for this proposed rulemaking is James R. Ney, Director, Taxicab and Limousine Division, (215)-683-9417.
