The above taxicab safety camera systems and vendors are in compliance with the current PPA-TLD's Service Provider Requirements for taxicab technology vendors and shall maintain compliance with successive versions of the SPR. A safety camera system may be added to this list of approved systems upon written request of a taxicab certificate holder to the Taxicab and Limousine Division Director and show evidence of compliance with 52 Pa. Code §§ 1017.71—1017.79 (relating to safety cameras). Please contact either Christine A. Kirlin, Esq., Director of the TLD, at ckirlin@philapark.org or at 2415 S. Swanson Street, Philadelphia, PA 19148.
